# FAST™
COMP SERIES

UNITY™

CONTENTS

PRODUCT OVERVIEW

Developed as a solution for the DOD's standard issue M68 CCO, the FAST™ Comp Series is a drop-in replacement for all full-size Aimpoint® Comp series and PRO optics. It comes standard with a two cross bolt rail clamp or can be retrofitted with the FAST™QD Lever and works with all FAST™ FTC magnifier mounts.
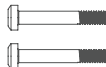

One (1) FAST™ Comp Series

Two (2) Optic Mounting Screws

Two (2) Washers

Two (2) Clamp Screws

One (1) Rail Clamp

1 Using the UNITY™ supplied Optic Mounting Screws, install the optic to the mount using a T25 bit driver. Lightly snug both screws before applying final torque to any. **Do not exceed manufacturer's recommended torque spec.**

2 Place the FAST™ Comp Series mount on the M1913 Rail in desired location. If using the included Rail Clamp, move to step 3. If using the optional FAST™ QD Lever (sold separately), jump to step 4.
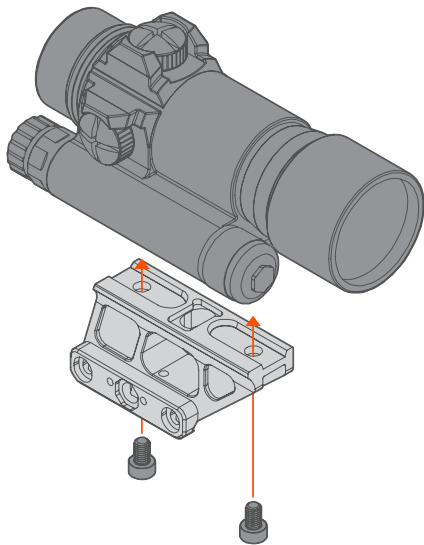

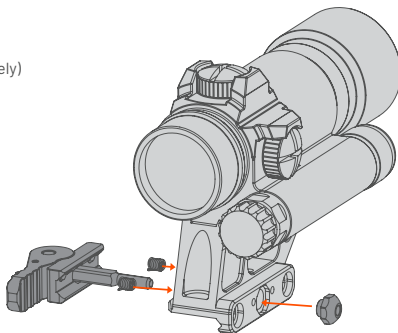

3

Insert each Clamp Screw through a Washer. Then insert them through the FAST™ Comp Series mount and thread them into the Rail Clamp. Secure screws using a T25 bit driver. Lightly snug all screws before applying final torque to any. **Torque to 35 in-lbs (4 Nm).**
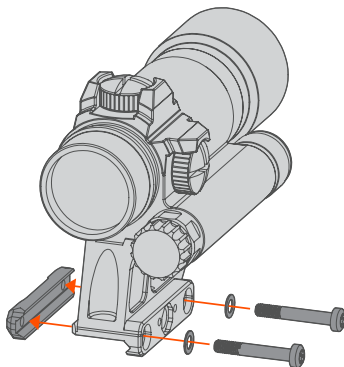

4

Optional FAST™ QD (Quick Detach) Lever (sold separately) can be installed in place of the Rail Clamp. Installation instructions are included with the lever.
